

Brief minutes (Feb 24 - March 18) of your scrum meetings

February 28 Scrum Meeting

Agenda: Task Distribution and Work Planning

Discussion Points:

- **Sarthak & Seema:** Assigned to work on the **frontend design** (UI) for the Login Page and the **database connection** for user credentials.
- **Vansh:** Assigned to handle the **Admin Login** system and **security features** for the backend.
- **Siddharth:** Assigned to develop the **Facial Recognition Module** for user authentication.
- **Next Steps:** Each member will begin working on their assigned tasks and provide updates in the next meeting.

March 12 Scrum Meeting

Agenda: Progress Update and Next Steps

Discussion Points:

- **Sarthak & Seema:** Completed the **Login Page UI** and designed the **database** for user credentials. Now working on **connecting the frontend with the database** to enable proper login functionality.
- **Vansh:** Backend work for **Admin Login** and **security features** is **in progress**.
- **Siddharth:** Started working on the **Facial Recognition Module**; development is **in progress**.
- **Next Steps:** Continue development, focus on integrating features, and address any issues during the process.
